Our Bike Track Excursion

The Stage One students and Mrs Dimos, Miss O’Rourke, Miss Everingham and Miss Alderton went to the Campbelltown Bike Track.

Firstly we marked off our names and we got ready to board the bus.

Next we sat on our seats and the bus driver Mark drove us all the way to the bike track. It was raining on the way there but we were lucky because the rain stopped when we got there.

We watched a movie about bike track safety. Afterwards Roberta walked us around the track. Straight after that she took us into the hall and fitted our bike helmets to protect our heads. Then we were given our bike licences. They had twelve points on them. We had recess and got to play on the equipment. It was lots of fun.

Finally it was time to ride our bikes on the track. Before we could ride our bikes we had to do a bike maintenance check. We had lots of fun riding around the bike track. Lastly it was time to get on the bus and get back to school. We all had so much fun and we really liked the excursion but we were very tired.
